

- A bunch of welcome back messages for when the player enters the tavern the first time after game start, after mission success, or after mission loss.
  - After Game Start
    - General/Logs In Regularly
      - “Roight, back for another day in paradise, ey? Let’s get on it. Time’s wastin’.”
      - “Great to see ya! Looks loike someone’s takin’ a loikin’ to this place, ey? Toime to get stahted.”
      - “Ere we go again, ey? Let’s get on with it. You know what to do.”
      - “Welcome back! Lads been wonderin’ where ya been. Ready when you are.”
    - Haven’t played the game in a while
      - “Oi, good to see you back! Been a minute since we’ve seen you ‘round ‘ere, ey?”
      - “Look who it is! I almost didn’t recognize ya. Good to have ya back!”
    - Logs in in the morning
      - “Why, you’re up awful early, ey? Gotta make the coin while the sun shines, as me nan used to say.”
      - “You ‘ave a good breakfast before you showed up? Can’t foight without a bit of protein, ey? Let’s get movin’.
    - Logs in in the afternoon
      - “Course you’d show up right as I’m ‘boutta go for lunch. Foine, one more mission before chow toime. But don’t blame me if I get a bit hangry.
      - “You even see the sunshoine today? A spot of Vitamin D does a wraith as good as any. None of my business, I suppose. Let’s get on with it.”
    - Logs in at night
      - “Why, look who’s burnin’ the midnight oil, eh? Make sure you get some sleep at some point - self care’s important, you know.”
      - “Looks like we’ve got a creature of the night. C’m’on in, there’s always work to be done.”
  - Mission Success
    - “Oi, back already? Didn’t even have time to finish me drink.”
    - “Looks like someone’s feelin’ like a winna! Round on you, ey?!”
    - “Back in one piece, I see. Better than most can say!”
  - Mission Fail
    - “Oi, rough one, eh? Happens to the best of us. Dust off and get back out there.”
    - “Came back with all yer limbs, that’s more than some can say!”
    - “Lost a bit more than pride out there, didn’t ya? No worries, you’ll get ‘em next time.”

- A bunch of confirmations and fun send-offs when a page is taken or placed down.
  - General
    - “A fine choice. Let’s see what it brings.”
    - “That’ll do. Now let’s get movin’.”
    - “Set it down and get goin’, time’s wastin’.”
    - “Roight, good as any. Let’s get to it.”
  - Difficult
    - “Brave choice, that one. I like your style. Get on then.”
    - “You must be sweet on danger - let’s get you in the’e before you change your moind.”
  - Intermediate
    - “Roight, you’ll likely come back in one piece - but ain’t gonna be a walk on the beach neither. Let’s see how you do out the’e.”
    - “You know your way ‘round a blade - you’ll do just foine. Keep ya wits about ya, don’t get too comfortable.”
  - Easy
    - “Roight, let’s get goin’. I have a feelin’ you’ll get the jump on ‘em.”
    - “Perfect choice, let’s get on it. They won’t know what hit ‘em.”
- Going to hunt other players game mode start line,
  - “Time to hunt, mate! Let’s see who comes back breathin’.”
  - “Keep your blade at the ready—your enemies won’t be waitin’ ‘round.”
  - “It’s a hunt! Bag ‘em before they bag you!”
- Going to gather materials game mode start line
  - “Alroight, grab what ya can before the others wise up.”
  - “Keep those pockets full - watch your back, you never know who else is ‘ere.”
  - “We’re gatherin’, not loungin’—move it!”
- Chose hunting but there aren’t other players to I guess we doin gathering now game mode start line
  - “Looks like no one’s game. Guess we’ll be gatherin’ for the moment. Keep yer head on a swivel.”
  - “Not a soul in sight. Change of plans—grab what ya can!”
  - “First one ‘ere, looks loike - moight as well pick up a load - just keep an eye out in case things get doicey.”
- Stop knocking shit over, hope you know you'll be paying for that! And other fun lines to acknowledge stupid player action
  - “Stop knocking shit over, hope you know you'll be paying for that!”
  - “You break it, you buy it! And trust me, it ain't cheap.”
  - “Heaven on Earth, that was me grand-nan’s vase! Passed down fer centuries - I’ll ‘ave you strung up by your toenails for that! ...not really. But dear god, get some manners before you ACTUALLY hurt something important! I’ve kicked others off the island for less...”
  - “No respect, aye? Maybe I should’ve left you to the crabs...”
  - “That’s comin’ outta yer share. Hope it was worth it!”

- “Lucky for you, we keep (GENERIC ADHESIVE MEDICAL BANDAGES) behind the bah...”
- “Oi, careful! Children play here!” (it’s funny because it’s a bar, lol. Like some people bring their kids to breweries with them, I guess? And sometimes people bring their kids to Hooter’s and stuff for lunch. But that’s kinda fucked up in my opinion. (for the over-sexualization of women part, to be clear - not the alcohol part. I don’t care about that as much, but it feels relevant to the topic at hand.) So like, this is supposed to be a joke? But it probably won’t register as a joke for a select group of people because they won’t be able to self-reflect long enough to realize a joke is being made at their expense. It’s up to you if you wanna use this line or not Manatee, honestly don’t let Shai have the final decision. He’s too close to the situation as a dude with a stepdaughter (is it stepdaughter or step-daughter? I won’t look it up.) and also a bar.)
- Bellowing from a bit offshore to let the player know the boat is incoming
  - “Boat’s comin’ in! Get ready to hop aboard!”
  - “Oi, ye better make ready! Your ride’s just offshore!”
  - “There’s yer ship! Don’t dawdle, we’ve got places to be!”
- Something to let the player know we have to leave soon, in the realm of "Get on with it! I've got more important things to do than sit around while you play with your dagger"
  - “Stop twiddlin’ around! I’ve got better things to do than babysit!”
  - “Get on with it! I’ve got a full schedule ‘ere - we’re leavin’ on time regardless!”
  - “Come on, now! Not makin’ any coin just sittin’ ‘ere!” (and then like maybe a footnote pops up about how flight attendants don’t get paid when they’re boarding the plane and waiting on the tarmac. That’s a funny bit I think bc it’s also like, actually a really important issue that more people should be aware of because what the fuck, right?)
- Something to yell back if the boat leaves without the player, in the realm of "looks like you're going to have to swim back; I've got a roast in the oven!"
  - “I get it, you wanna take the scenic route, ey? Well, don’t let me hold ya back! I’ll be on my way then!”
  - “Roight, you don’t need my ‘elp, is it? Not a problem. Better swim quick - the fish ‘ere get a bit peckish this time a day!”
- Now that the Harbor Master is picking up the player at the end of a mission, some of the welcome back lines could be:
  - That was close, eh? Thought I’d have to fish ya out myself.”
  - “Figured you’d be swimmin’ home. Glad you made it in one piece.”
  - “Bring me back somethin’ nice? Or just some more trouble?”
  - “Welcome back! Hope you found somethin’ worth all the fuss.”
  - I won’t kid ya! I love a good shiny bit myself! Good find, mate.”
